

Southeast Diesel Collaborative FY2011 Grant Application Workshop

The Southeast Diesel Collaborative Grant Application Workshop is designed to provide attendees with a unique opportunity to receive in-depth training on the who, what and when of preparing a federal grant application. This meeting will focus on providing attendees information on the various funding opportunities under the Diesel Emissions Reduction Act (DERA), tips on completing a grant proposal, examples of clean diesel projects, and which type of funding is appropriate for each. Additionally, attendees will hear about the application and evaluation process for past successful projects, ideas for grant projects that support the Southeast Diesel Collaborative priorities, and the opportunity to network with other partners and organizations.

Target Audience: *Southeast Diesel Collaborative current and future partners, Public and Private Entities and groups interested in securing funding for environmental strategies to improve air quality and public health by reducing emissions from existing diesel engines in the Southeast.*

The workshop is Free, however due to limited seating, we are requesting attendees register in advance at www.southeastdiesel.org

Wednesday, October 27, 2010

8:30 am—4:00 pm

**Sam Nunn Federal Center
Atlanta, GA**
